**Subject:** Re: I remember

Going to Panther Field almost every afternoon-also playing HORSE and breaking my ankle which was put in a cast-also playing stickball in the 217 yard and breaking a bat and getting a piece of wood sticking thru my pinky any many of you took me to the Doctor on Newkirk between Westminster and Argyle Roads who injected my finger with novicane and removed the stick-I still have the scar.

Also I remember boxing matches,I once fought Arnie Rothman but do not remember what happened.I remember watching Kenny Wolensky in one of our boxing matches.

Who was SAM our black friend with the big hands and the Greek and his family who lived on Westmin. Rd. right near Panther Field. Willy Wentz? Where is dentist Chester Gitlin.

Then Lenny always trying to beat everyone up-I remember going nuts one day in an elevator and he ran away from me?

How about writing our names under the lamposts at nite after parties.

A nickle got you on the trolley or subway.

Strange memories and there are lots more.
